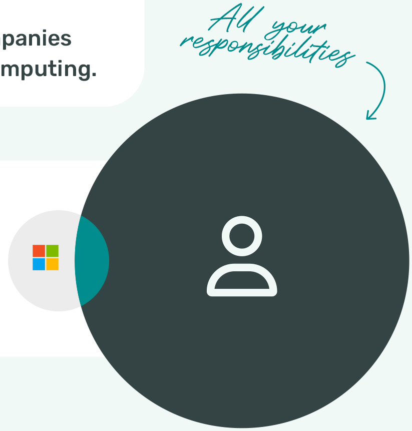
LET'S BREAK DOWN THE Microsoft SHARED RESPONSIBILITIES MODEL.

90%

DID YOU KNOW?

90% of Global Companies are using Cloud computing.



As you move your business to the Cloud, some responsibilities transfer to Microsoft, some are shared, but you may be surprised to hear that **YOU still hold the most responsibilities** when it comes to securing your business!

CLOUD-BASED DELIVERY MODELS.

Ownership of responsibilities vary depending on the type of service model you use:

SaaS	PaaS	IaaS	On-Prem
SOFTWARE AS A SERVICE	PLATFORM AS A SERVICE	INFRASTRUCTURE AS A SERVICE	PHYSICALLY LOCATED ON PREMISE

MICROSOFT IS RESPONSIBLE.

MICROSOFT & YOU SHARE RESPONSIBILITY.

YOU ARE RESPONSIBLE.

#1

Microsoft is the most popular desktop operating system.

74.89%

Mac OS **14.63%**

OS Market Share

145
MILLION COMPANIES

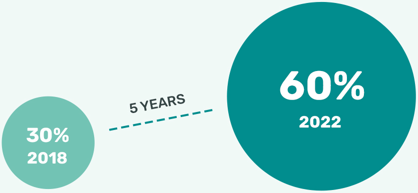
worldwide choose to use Microsoft as their OS.

CLOUD PROVIDER, PHYSICAL HOSTS,

SAAS PAAS IAAS **ON-PREM**

NETWORK & DATACENTER.

Depending on your business'' Cloud delivery model, security responsibilites may shared or just yours. Did you know...



The total percentage of corporate data living in the Cloud doubled in just 5 years.

If you're still living in the dark ages with everything stored on-premise, be aware that you are SOLELY responsible for ALL of your business' security. If you were to suffer a data breach, it's all on YOU!

We hope that helped make it a bit clearer on what your responsibilities are when migrating your business to the Cloud.

BE PREPARED & PROTECT YOUR BUSINESS.
